**Subject:** RE: TI - Draft May 2015 BCT Minutes

Hello—thanks for the opportunity to review the Draft May 2015 BCT minutes. I have two changes to request regarding statements attributed to me in Section **IX. Community Relations Update**—

**Bullet 2:** Please correct the typographical error. The word “information” is repeated; the second instance should be deleted.

**Bullet 4:** Please clarify the following statement from “Ms. Burke replied she knows of no such report being released by the EPA.” to “Ms. Burke replied she would need the specific reference for the report to be able to comment, but knows of no new reports being released by the EPA.”

I appreciate your consideration of these changes in advance. I realize now that the comment the resident made to Mr. Beck might have been in reference to the information we released as part of the FOIA request I reported about in a previous meeting. The information we released is older information based on older site data and inspections and I would not know off-hand whether it contradicts or supports Navy information. I believe I said at the meeting that I would need a specific citation or reference to say whether any EPA report contradicts Navy information or not, and that I was not aware of anything “new,” so I want to make sure my statement reflects this clarification.
